****PLEASE POST LETTER IN COMMON AREA****

Dear Resident:

We are writing to let you know that National Housing Compliance (NHC) is the Contract Administrator for this property and performs a number of tasks related to this role on behalf of the Department of Housing and Urban Development (HUD).

HUD developed this partnership back in 2004 in an effort to encourage joint ventures and to improve its role in the community. HUD will remain active in this partnership, although NHC handles oversight of contract administration activities.

Any questions or concerns you have regarding property management, calculation of your rent, and repairs needed for your unit or the property, will still be directed to the on-site manager or the owner/management agent for the property. If you have concerns that cannot be address by your on-site manager or owner/management agent please contact one NHC at:
